

Dr. Andrew C. Campbell

Campbell Facial Plastic Surgery
Quintessa Medical Spa
Milwaukee and Sheboygan, Wisconsin

Destination aesthetics

With the combined procedure and treatment offerings of Campbell Facial Plastic Surgery and adjacent Quintessa Medical Spa, patients don't have to go somewhere else for noninvasive treatments that complement their surgeries. "We're not just a surgical practice with a medical spa, we're a comprehensive aesthetic care center that utilizes a whole team of aesthetic experts and resources to give patients the best possible outcomes," Dr. Campbell says. And the comprehensive approach doesn't stop at combining different types of treatments. "There are few quick fixes. The key to aging less aggressively is to, first, make a customized plan to address the big picture and, second, to educate patients on how to maintain their appearance," Dr. Campbell says. "We strive to develop relationships with our patients and become their long-term beauty health partner. Our staff works with patients to educate them on the available options and treat each one of them like family."

CASE STUDY

BETTER BROWS WITHOUT SURGERY

Ultherapy® is a revolutionary, noninvasive, ultrasound-based treatment that delivers energy deep into the tissue, which builds collagen and elastin to lift facial tissue, producing noticeable results to the brow, cheek and neck.

“we combine artistry and science for beautiful results”

AT CAMPBELL FACIAL PLASTIC SURGERY, PATIENTS BENEFIT FROM DR. ANDREW C. CAMPBELL'S ARTISTIC APPROACH TO FACIAL REJUVENATION. "THERE IS A DIFFERENCE BETWEEN AN ENGINEER AND AN ARTIST. YOU CAN TEACH SOMEONE THE TECHNIQUES TO GET RESULTS FOR DIFFERENT PROBLEMS, BUT YOU REALLY CAN'T TEACH THE ARTISTRY," SAYS DR. CAMPBELL, WHO PRACTICES OUT OF STATE-OF-THE-ART MEDICAL FACILITIES IN SHEBOYGAN AND MILWAUKEE, WISCONSIN.

ABOUT DR. CAMPBELL

WHAT ASPECT OF YOUR JOB IS MOST FASCINATING TO YOU?

It's interesting how no two faces are exactly the same. In turn, no two procedures are ever the same, either.

WHAT FACTORS INFLUENCE THE WAY YOU PERFORM A PROCEDURE?

All treatments are adapted to meet the ideals, expectations, preferences and needs of my patients.

WHAT'S A CALLING CARD YOU ARE PROUD TO OWN?

Ensuring the standards and proper training of facial plastic surgeons as a board examiner for the American Board of Facial Plastic and Reconstructive Surgery.
